Description

Pressure spray that can hold 1.5 L.

Wide filling opening, easy to use. Solid tank. Ergonomic handle that you can lock for a continuous spraying. Adjustable nozzle with conical jet and a brass insert. Graduated tank. After filling it you have to activate the pump several times in order to pressurize the tank and its content and get a continuous jet when you press the trigger. Berthoud brand, tradition and quality. User guide with use advice included with the product.
