

Hosta emerald charger

Hosta emerald charger

ref. 11053

[\[+\] Show on the website](#)

Description

Coming from a hybridization of Hosta Stained glass.

Height : about 55/60 cm.

Width : about 80/100 cm.

Dimensions of the leaves : about 23 x 18 cm.

Large leaves, softly twisted on themselves, shiny green/yellow colored with dark/clear green sides.

Original pattern in the center, that looks like a maple leaf and gives a beautiful color to the leaf.

Lavender color and scented flowers in summer.

Big rhizome delivered in a 1 liter plastic pot.
